

## BASIC COURSE:

On the Dashboard page, the admin clicks on MANAGE SCHEDULE button. Mange Schedule page appears. The admin clicks on the MODIFY SCHEDULER button and will get redirected to Modify Scheduler page. Where the admin will select a sport from the drop down along with a date and time, then the admin clicks on the CREATE button. This will generate a schedule for the given sport on the given date and time.

## ALTERNATE COURSES:

The admin does not select an option from the dropdown menu: The system will prompt a message indicating that the sport section is required to be selected.

The admin selected a date with all time already selected: The system will prompt a message indicating all spots for the given date and sports are taken.
