

SignUp (Student)

BASIC COURSE:

On the Login page, the student clicks SignUp button. The student enters an PSU email with their first name, last name, password, and answers to two security questions. The student clicks on the Submit button. The System creates a student account in the database and redirects the student to the Login page.

ALTERNATE COURSES:

The admin does not select an option from the dropdown menu: The system will prompt a message indicating that the sport section is required to be selected.

The admin selected a date with time slots already selected: The system will prompt a message indicating all spots for the given date and sports are taken.
